FRONT FENDERS

379 Standard Front Fender

Extended rear length of 3.25" and 6" side walls.

Easy installation with no hood modifications or additional hardware required.

FF-2 379 – Standard Front Fender

389 Standard Front Fender

Same great look as the 379, now available for the new 389.

6" sides combined with 4.5" of additional rear length.

FF389-2 389 – Standard Front Fender

All Fibertech front fenders feature the stock factory style belt line and come standard with built in polymer liners to resist starring.

Fat Fender

Lowrider Fender

Dropped 3.25", then stretched 11" to meet the back of the hood for the "Old School" look.

FFPH-2 379 – Fat Front Fender

Extends a full 10" beyond stock length, but can be trimmed for desired ground clearance.

FFLR-2 379 – Lowrider Front Fender

Custom Headlight Front Fender Dual Headlight Fender

This "Street Rod" style fender accepts any 7" headlight.

FFHL-2 379 – Custom Headlight Front Fender

Designed for original or after market headlight assemblies.

FFDH-2 379 – Dual Headlight Front Fender

Fenders are shipped in gray primer gel-coat.
