STOCK PETERBILT® FIBERGLASS FRONT FENDERS

Stock OEM style 379 replacement fenders. These fiberglass fenders are manufactured to 1/4" thickness and come standard with built in polymer liners. Fenders are pre-drilled and ship in gray primer gel-coat, ready to sand and paint.

Volume pricing available.

- FFS-2 379 Stock Front Fender - Pair
- FFS-5L 379 Stock Front Fender - Driver Side - 5 Each
- FFS-5R 379 Stock Front Fender - Pass Side - 5 Each

CUSTOM SINGLE REAR FENDERS

These new single fenders have been extended for that super low look and are 1.5" narrower than our standard single axle fenders for a perfect fit on any suspension.

Single or Tandem Axle applications.

When installing these fenders in a tandem application, our 3-piece design allows for replacement of a single fender versus an entire side in the event of damage.

FRSC-2 Custom Single Axle Rear Fender - Pair

FRSC-4 Custom Single Axle Rear Fender - Set of 4
